Historical Building Renovation — RIIF

Purpose

Funds appropriated for the renovation of the State Historical Building are intended to support maintenance activities. The Department of Cultural Affairs intends to use this funding to prioritize repairs to leaking skylights, outdated mechanical systems, a failing building envelope, and plumbing. Additionally, the Department has determined the current HVAC system is incapable of controlling the humidity and that the building does not meet design standards for modern buildings.

Funding

In FY 2018, \$1.0 million was appropriated from the Rebuild Iowa Infrastructure Fund for Historical Building maintenance.
